

Happy Mother's Day!!

We would like to say, "Thank you" to all of the mothers. You are very special to us. You encourage us and give us your support. You watch over us and keep us safe. You pack us lunches for school. You help us with our homework and projects. You play dress up and sports with us when we want to play outside. You give the best hugs. You are always available to talk to. You help us grow into the person we are going to become. And best of all - you love us unconditionally.

Lots of love,
From the kids at Rafiki Home
