

the BIG 50... AGAIN!

We at Team Ephebos understand that this might be a stretch for some of you – and others maybe not so much... but either way, we are gonna do it. Look at it as an outward expression of your inner desire to know Jesus without so much distraction. And don't try and say outward expressions are a bad thing – cause it's one thing to say you love your friends or family, but if you never let there be an outward expression, love just becomes another word.
